

VERITAS®

VERITAS Niki - Powerful motor for versatile working

The VERITAS Niki is a real all-rounder, thanks to its 23 stitch programs, which can be individually adjusted quickly and easily using the rotary knob.

From elastic seams to stable utility seams, the powerful motor of this sewing machine can handle everything. At the same time, the feed dog works evenly and precisely, creating a clean and regular seam pattern, no matter what the fabric. The automatic needle threader and thread cutter also make sewing easier, leaving your head free for creative work.

Full power for perfect results

The VERITAS Niki is a real powerhouse: With the powerful motor, even multi-layer fabrics can be sewn easily. While the feed dog works so evenly and precisely, that it always creates a regular seam pattern without length differences between the top and bottom layers of fabric. Thanks to the robust and extremely low-vibration housing, it is easy to keep a steady hand, even with delicate work.

Saves time for your real tasks

If you work creatively, you should not be burdened by trivialities. The VERITAS Niki does many of these things in the blink of an eye. With the threading assistant, the thread is threaded in seconds. The automatic winding programme ensures absolute safety, because needle and hand wheel remain stationary during the winding. The automatic thread tension neatens sewing results with uniform seams, without accidental ruffling or tangling of threads.

Suited to everything

The VERITAS Niki is a real all-round talent. No matter whether elastic seams for light and stretchable fabrics or solid seams for particularly stressed positions with heavy fabrics, this machine sews everything. Stitch programmes can be variably set for stitch length and width, and the high force of the strong motor penetrates even denim and poplin.

Specifications

23 stitch programs	Thread cutter
4-Step buttonhole function	Stitch length adjustable from 0 - 4 mm
Speed (R.P.M.): 750 +/-50	Stitch width adjustable from 0 - 5 mm
High torque for stiff materials	Automatic bobbin winder
Snap-on presser foot holder	LED sewing light
Sewing zippers possible	Slim free arm
Needle threader	Detachable accessory box

Zig-zag foot	3 Bobbins
Zipper foot	L-Screwdriver
Buttonhole foot	Embroidery and darning plate
Button sewing foot	Second spool pin
Brush	Quilting guide
Seam ripper	Felt pad for thread spool

Niki

A great artist

Large female sculptures, round and colorful. Fountains made of multi-coloured mosaics with moving figures. Through them, Niki de Saint Phalle became famous. Her oversized sculptures were exhibited for the first time in 1965 in Paris. The cheerful, larger than life „Nanas“ were her favorite objects. Through them, the artist celebrated the beauty and freedom of women. We want to create an equally impressive monument with the naming of our VERITAS Niki.
